

Eileen Daniels Supply List and Workshop Description

Here is my Vintage Linen.... What can I do with it?

Bring a favorite or a special vintage linen to show and get ideas for possible quilted items.

(Try to bring just one or two so we don't get overwhelmed and we won't have time to see your complete collection!)

Bring note paper and pen.

There will be a handout for you to make further notes.

No machines will be necessary.

Eileen will give directions for the "how to" for many ideas! It will be another shorter trunk show, but with the actual written directions for you!

Your friends can also make suggestions.
