

Fabric Resale collection will start at the March Meeting for the Quilt Show.  
We are asking members to organize your donations.  
Many hands make light work!

- ★ Fold your fabric selvages together with the right sides out.
- ★ Remove long strings but leave usable tails as a bonus to our shoppers.
- ★ Measure the fabric along the point where there are 2 selvages to determine size.
- ★ Write down the length on a small piece of paper.
- ★ Use a safety pin or a stapler to attach the paper to the selvedge.  
Note: It's okay to bundle pieces that are the same length together with one note for all.
- ★ Fold neatly and sort into groupings based on the following:
  - Short yardage - more than 2.5" but less than 18"
  - Half Yards - 18" but less than 36"
  - Full Yards - 36" but less than 54"
  - Yardage - over 54" (1.5 yards)
  - Fat Quarters (Must have one selvedge measuring 18")
  - Precut bundles including Fat Quarters (Flannel bundles are welcomed.)
  - Other individual precut items - sorted by size. If you have usable scraps, chunks and pieces that are big enough to make a 2.5", 5" or 10" squares please cut them up. If you don't have the ability to do it yourself but would like to donate - make up a bag, bin, tote for now and we'll collect soon.
  - Sealed kits - All types of sewing kits are acceptable, not just quilting!
  - Kits opened but not started - make sure it appears all fabrics are included as well as the pattern &/or pattern information. If you've borrowed something from the kit please add a note.
  - UFOs - provide as much information as you can.
  - Panels - Please make sure that the panel is complete.
  - Orphans Blocks - Glve them a hug with your iron.

Please use clean, unscented plastic bags, plastic bins or reusable bags.  
Reusable bags will be gathered for reuse at the show for our shoppers.  
If you would like your plastic bin returned please label it with your name.

If you have any questions, concerns, would you like to donate fabric but can not prep it yourself, if you would like to help another member organize their donation, if you love to cut squares and can help or if you have a time sensitive need to donate fabric prior to the March meeting?
